

R E S I D E N C E  
ARMANI / CASA

*Architecture by César Pelli*

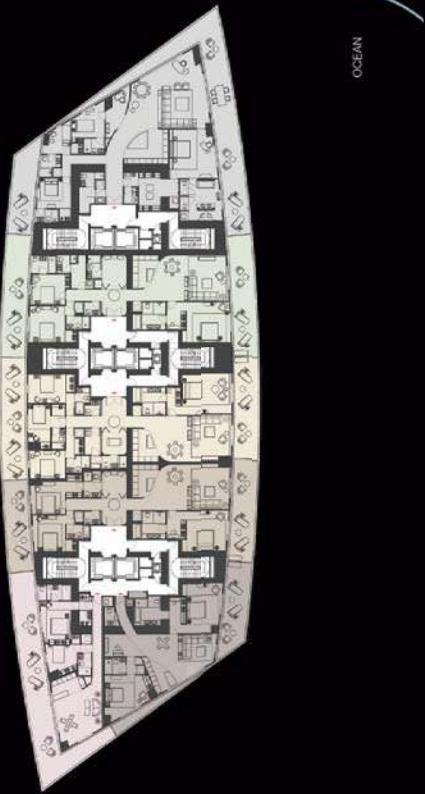

With the common denominator of the unit square being the same, the area of the unit square is the same for all units.

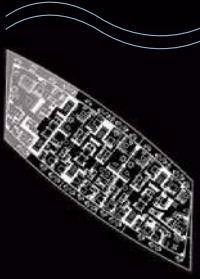

The dimensions of the unit square are the same for all units, so the area of the unit square is the same for all units.

The dimensions of the unit square are the same for all units, so the area of the unit square is the same for all units.

The dimensions of the unit square are the same for all units, so the area of the unit square is the same for all units.
