Distinct Design Philosophy

Architect Luis Revuelta's inspiration began with EPIC's distinctive waterfront location, interpreted throughout his architectural design. Billowing boat sails echo throughout the façade; likewise, the prow of a powerboat and sweeping horizontals invoke movement and breeze. Also present, symbols of the natural elements; fire, water and earth are meant to honor the area's Native American past. In all, Revuelta's artistic mastery allows a dual-personality to emerge, conjuring sailboats on the river by the light of day and the small fires of Miami's native Tequesta nation by night.

The Grounds at Epic

Bask in the serenity of cascading waterfalls; one of the soothing elements that grace the common areas at EPIC from the arrival plaza and portico, to the "Seascape Pool" and courtyards. Enjoy a picturesque stroll surrounded by tropical botanicals. Take a moment to relax while watching the passing boats along the EPIC Riverwalk, a private promenade connected to Bayfront Park. The EPIC grounds are beautifully designed by one of the world's leading landscape architects so that when you arrive home, you have truly left the world outside.

Private Boat Dock

When your guests arrive by boat for a lounge by the pool, or for a carefree afternoon of cocktails, the dockmaster will graciously ensure a smooth arrival into one of our private boat slips.

Accelerated Passenger Elevators

You are transported to your doorstep in seconds by high-speed elevators, traveling at velocities of 1,000 feet per minute. Quiet and smooth, these gearless elevators utilize a state-of-the-art computerized security key system to bring you directly to your floor without unnecessary delay.

Incomparable Mechanical & Electrical Design
