A SENSE *of* PLACE

An elegant retreat takes shape in Miami Beach

Nowhere else in Miami can you find a setting quite like this: a quiet, purely residential community with lush natural landscapes, life-giving water all around, and a stimulating cosmopolitan center nearby. With nothing separating you from nature but floor-to-ceiling glass walls, you can retreat into your peaceful surroundings or venture a few steps beyond and engage with the excitement around you.

ELEGANT SIMPLICITY

Architect Piero Lissoni gives minimalism soul

Master architect Piero Lissoni, in collaboration with Miami architecture firm ADD Inc., has thought through every space to perfection — opening up the landscape with dramatically framed views. You will hardly know where your home ends and the gardens begin. This connection to the location is evident everywhere, from the capacious lobby, to the roof-top pool, to the lakeside marina walkway, to the verdant tropical plantings that lace the property.
