Unit Dimensions and Square Footages. There are two generally accepted methods of measuring the boundaries of the Unit, as set forth in Section 3.2 of the Declaration of Condominium, and generally accepted methods of measuring the boundaries of the Unit, as set forth in Section 3.2 of the Declaration of Condominium, and generally measures the Unit to the outside finished surface of exterior walls and to the centerline of interior demising walls, includes portions of the adjacent Common Elements of the Condominium (the "Architectural Method,"). The estimated square footage of the Unit, as determined under the Engineering Method. The Architectural Method is generally used in sales materials and may be provided to allow a prospective buyer to compare the Unit with units in other condominium projects that utilize this method of measurement.
